We will respond to Your California Consumer Request within the legally required amount of time. If necessary, we may need additional time to respond where allowed by law, but we will reply either way within the legally required period and, if we need an extension, we will explain why.

In certain cases, a California Consumer Request may be denied. For example, if we cannot verify Your identity or if providing You information could create an unreasonable risk to someone's security (for example, we do not want very sensitive information disclosed inappropriately). If we deny Your California Consumer Request, we will explain why we denied it.

Making a California Consumer Request does not require You to create an account with us. We will only use Personal Information provided in a California Consumer Request to verify the requestor's identity or authority to make the California Consumer Request.
